

## **K-12 VOLUNTEER MANAGEMENT** **Fully integrated from application to reporting**

Managing a team of volunteers doesn't have to be a time-consuming process. The Raptor<sup>®</sup> Volunteer Management system is an end-to-end solution from application to screening to reporting.

Raptor Technologies® is the nation's leading provider of integrated school safety technologies and is trusted to protect over 26,000 K-12 schools nationwide.

The Raptor® Volunteer Management system streamlines the process so that volunteers can apply and be easily tracked, screened and scheduled, and reports can be accessed—all in one place. During an average school year, the Raptor system has helped districts manage over 400,000 volunteers who donated more than 11 million hours.

▶ **APPLICATION**

Volunteers apply in an easy-to-use, customizable online application.

▶ **SCREENING**

Volunteers are checked for sex offender status, and criminal background results are compiled for easy review, approval, and tracking.

Volunteer Reports

- Active Volunteers**: Profile information, including photos, on volunteers whose status is active.
- Approval Applications**: Volunteer applications that have been approved.
- Top Volunteers by Building**: Volunteers grouped by building, sorted by greatest total time.
- Volunteer Applications by Status and Building**: Volunteer applications grouped by status and building.
- Volunteer Hours by Function and Building**: Volunteer hours grouped by function and building.
- Volunteer Sign In History by Building**: Volunteer sign in history grouped by building.

The system automatically screens applicants against a national sex-offender database. We used to have to do that manually, and it was a slow process. During peak periods schools might wait weeks to clear a volunteer. It's so much simpler and more accurate now with Raptor.
