

# COVID-19 Visitor Policy Modifications

Keeping our students and staff safe is our school's top priority. As such, we modified our visitor policy based on these best practices. We appreciate your cooperation and patience.

## **Minimized Contact During Sign-In**

We have adjusted our sign-in procedures to limit direct contact between visitors and our staff.

## **COVID-19 Screening Questions**

We will be screening visitors, volunteers, and contractors during sign-in to determine their COVID-19 exposure risk.

## **Social Distancing & Use of Hand Sanitizer**

Maintain at least 6 feet of distance between yourself and others and use hand sanitizer during check-in and throughout your visit.

## **Temperature Check**

We may record the temperature of visitors, volunteers, and contractors prior to entering the building.

## **Posted COVID-19 Policy Directions**

Follow the COVID-19 signage that is placed throughout the school.
