Raptor's globally integrated product portfolio supports a school's foundation of safety and wellbeing, including Emergency Management, Campus Movement, Student Wellbeing and Staff Training and Compliance. Our team of safety software experts and our suite of industry-leading solutions provide schools with resources to create a safer path to learning.

With everything consolidated on a single platform, districts can maximize their budget, simplify system management for IT, and deliver an intuitive, consistent user experience that's easy for staff to adopt and use. Raptor's software enhances campus safety by expanding visibility and enabling faster, more effective responses. It also helps schools adopt proactive, prevention-first strategies for early intervention.
