SERVICE & SUPPORT

Invested in Your Outcomes.

Software is the foundation. What schools build with it — confident staff, consistent processes, and documented readiness — takes expertise and ongoing support to sustain.

Raptor's professional services and training programs are designed to help schools get the most from the platform, from initial implementation through continuous improvement.

Customer Success

Dedicated experts work alongside districts to implement, optimize, and sustain their safety programs — with regular check-ins, onsite support, and built-in accountability.

Raptor University

On-demand, role-specific training and certification programs help staff use the platform with confidence at every level.

EmployeeSafe

Online staff safety training and compliance management that keeps staff prepared and districts audit-ready.

The confidence to keep schools safe starts with a conversation.
